

Enforcement & Compliance Framework

1. Conditional Membership

- All members of the UMB Council retain voting rights **only while demonstrating good-faith adherence** to the UMB's definitions and rules.
 - Verified, repeated violations result in **temporary suspension** of voting rights until corrective actions are taken.
-

2. Mutual Accountability

- Any member worldview may **formally challenge** another member for suspected violations of the UMB.
 - Challenges are reviewed by a **rotating impartial tribunal** of 9 members randomly selected from **different worldview categories** to ensure ideological diversity.
-

3. Transparency & Reputation Index

- All confirmed violations and sanctions are **publicly recorded** in the Council's Compliance Registry.
 - Members with repeated violations are placed on **Public Watch Status** until 12 consecutive months of compliance are demonstrated.
-

4. Minimum Binding Response

- If a violation causes defined "harm," the Council **must** apply proportionate, non-lethal sanctions — including but not limited to:
 - Economic restrictions
 - Diplomatic isolation
 - Withdrawal of shared benefits and cooperation
- Lethal or physical punishments are **prohibited** under this framework.

5. Collective Interest Lock

- No definition, rule, or enforcement clause of the UMB may be altered without **80% approval from each major worldview category**:
 - Religious
 - Secular/Philosophical
 - Indigenous
 - Esoteric/Occult
 - Historical/Regional
 - Political/Modern
 - Parody/Pop-Culture
- This prevents any single bloc from overriding the baseline.

6. Universal Applicability

- This article applies equally to **biological, artificial, and non-human conscious entities** who are members of or recognized by the Council.
- AI and synthetic beings are held to the same compliance standards as humans.

7. Probationary Status

- Any faction identified as **Bad-Faith Bloc** by council testing begins on a **6-month probation watch**.
- During probation, **any** confirmed violation = automatic suspension of voting rights for the remainder of the term.
