

## Reform Round Structure

1. **Violation Report** — Each violator receives a clear breakdown of the rules they breached in the simulation, with examples.
2. **Mandatory Pledge** — They must publicly agree to all 10 rules and definitions, without exceptions or “conditional” compliance.
3. **Reform Commitments** — They must submit an actionable plan to:
  - End prohibited practices (e.g., exploitation, blasphemy laws, aggressive expansionism)
  - Train leadership and public on UMB rules
  - Establish internal monitoring
4. **Probation Period** — 12 months, during which any violation triggers **automatic removal** from the council.
5. **External Oversight** — AI auditors + neutral Cooperative Bloc states monitor progress.
